Transcriber's Office  
FLOOR DEBATE

January 28, 2004 LB 559

via AM2241. Repeat myself one more time. That strikes the language that requires two forms of ID to obtain a driver's license. Doesn't do anything else, just strikes that. And I would urge your adoption of the amendment, AM2241. Thank you.

SENATOR CUDABACK: You've heard the opening on AM2241, by offered (sic) Senator Baker to LB 559. Any discussion on that motion? Senator Baker, there are no lights on. Did you wish to close on your motion? He waives the opportunity to close. The question before the body is adoption of AM2241, offered by Senator Baker to LB 559. All in favor of the motion vote aye, opposed nay. We're voting on adoption of the Baker amendment, AM2241. Have you all voted who wish to? Record please, Mr. Clerk.

CLERK: 30 ayes, 0 nays, Mr. President, on the adoption of Senator Baker's amendment.

SENATOR CUDABACK: The motion was successful. The amendment has been adopted. Mr. Clerk.

CLERK: Mr. President, Senator Chambers would move to amend, FA1430. (Legislative Journal page 431.)

SENATOR CUDABACK: Senator Chambers, you're recognized to open on amendment FA1430 to LB 559.

SENATOR CHAMBERS: Thank you. Mr. President, members of the Legislature, I want to call your attention to your gadget. And my amendment is printed thereon, so if you want to read the language, you can see it, because you may want to meditate on it. But what it does is, go to page 9. Then, in line 17, beginning, we will strike these words: "or issued based on the submission of false information or the intentional withholding of required information." I believe that a statute should be drafted as sparsely as possible. If 10 words say everything that needs to be said, and will say it clearly, I don't think 20 additional words should be added for good measure. So I'm going to read the language that precedes what I am striking, so my activity will not seem as sinister as some people may think it is, based on their opinion of how I go about legislating on
